

OPERATIONS EXECUTION & WEEKLY ACTION PLAN – 2026

Week: 10/04/2026

Prepared by: Head of Operations

OBJECTIVE

My objective is to transform Operations into a revenue-generating and customer-retention unit by converting active engagements into signed maintenance and monitoring contracts, while enforcing structure, accountability, and process compliance.

OPERATIONS EXECUTION FRAMEWORK (HOW I WILL ACHIEVE THIS)

1. MANDATORY MAINTENANCE AGREEMENTS

I will ensure all installations are tied to recurring maintenance contracts.

Actions:

- I will develop standardized maintenance packages (Bronze, Silver, Gold)
- I will work with Admin/Management to review and approve contract templates
- I will enforce that no installation is completed without a maintenance agreement
- I will update all quotation templates to include maintenance as a mandatory line item
- I will train Sales and Admin teams on this policy

KPI:

- At least 90% of installations tied to maintenance contracts
-

2. SERVICE LEVEL AGREEMENTS (SLA)

I will structure and monetize all service operations.

Actions:

- I will develop a formal SLA covering response and resolution timelines
- I will define a clear pricing structure for contract vs non-contract clients
- I will ensure all service requests are logged and tracked
- I will communicate SLA terms to all clients
- I will enforce that no technician is deployed without proper job authorization

KPI:

- 100% of service requests logged and billed
-

□ 3. OPERATIONS & SALES COLLABORATION

I will convert every operational activity into a business opportunity.

Actions:

- I will introduce a cross-selling checklist for technicians
- I will provide marketing materials for site engagement
- I will implement weekly Ops-Sales review meetings
- I will establish a structured lead submission system

KPI:

- Minimum 1 lead per technician per week
 - 20–30% lead conversion rate
-

4. CUSTOMER SERVICE & TECHNICAL TRAINING

I will improve both service delivery and technical competence.

Actions:

- I will conduct quarterly customer service training
- I will run quarterly technical refresher sessions
- I will partner with internal/external experts where necessary
- I will assess performance after each training

KPI:

- Improved customer satisfaction
 - Reduced repeat faults
-

ADDITIONAL EXECUTION INITIATIVES

Preventive Maintenance Campaigns

- I will engage existing and dormant clients through audits and upgrade offers

Client Database System

- I will implement a centralized database to track all clients and services

Technician Lead Generation

- I will introduce structured lead reporting and incentives

Feedback System

- I will ensure post-installation feedback is collected and reviewed

📌 Brand Visibility

- I will enforce branded uniforms, ID usage, and professional site presence
-

☐ GOVERNANCE & CONTROL

To ensure discipline and accountability:

- I will conduct **weekly operations reviews**
 - I will track **monthly performance and revenue growth**
 - I will review **quarterly strategy and training outcomes**
-

📊 REPORTING STRUCTURE

I will submit:

Weekly Reports:

- Jobs completed
- Leads generated
- Key issues

Monthly Reports:

- Revenue performance
- SLA compliance
- Client feedback

Quarterly Reports:

- Training outcomes
 - Growth metrics
 - Strategic adjustments
-

WEEKLY ACTION PLAN (EXECUTION – THIS WEEK)

☐ TARGET CLIENTS & ACTIONS

● 1. SPECIAL GARDENS (CLOSURE)

Status: Negotiation Completed

Actions:

- I will finalize and submit the maintenance contract
- I will follow up within 24–48 hours
- Upon approval, I will schedule service and onboard the client

Outcome:

✓ Signed Maintenance Contract

● 2. NIKOLA (RECURRING REVENUE)

Status: Ongoing Engagement

Actions:

- I will present a combined maintenance and monitoring package
- I will clearly define service value, response time, and pricing
- I will follow up and drive closure discussions

Outcome:

✓ Subscription Deal Advanced

□ **3. STARLIFE (MULTI-BRANCH OPPORTUNITY)**

Status: Active Engagement

Actions:

- I will visit both branches and assess systems
- I will prepare and submit a bundled proposal
- I will engage decision-makers for approval

Outcome:

✓ Proposal Submitted

□ **4. SGS (PIPELINE DEVELOPMENT)**

Status: Initial Engagement

Actions:

- I will follow up with stakeholders
- I will assess needs and present a tailored solution

Outcome:

✓ Proposal Submitted / Engagement Strengthened

Monday – Tuesday

- I will finalize and send the Special Gardens contract
- I will engage Nikola with proposal presentation

Wednesday

- I will follow up for Special Gardens closure
- I will continue Nikola negotiations

Thursday

- I will visit Starlife branches for assessment

Friday

- I will follow up SGS
 - I will submit proposals and compile weekly report
-

PERFORMANCE TARGETS

- I will secure at least **1 signed contract**
 - I will advance at least **1 monitoring deal**
 - I will submit **2 proposals minimum**
 - I will ensure **100% follow-up compliance**
-

PROCESS & COMPLIANCE

- I will ensure all engagements are documented
- I will eliminate verbal agreements—contracts only

- I will enforce internal approval before proposal submission
- I will ensure all client data is properly recorded
- I will track and complete all follow-ups

● CONCLUSION

My focus is to:

- Close immediate opportunities
- Build recurring revenue streams
- Strengthen client relationships
- Enforce structured and accountable operations

Execution discipline, consistency, and follow-through will be critical to achieving these results.
